DEANS'S INSTRUCTION No. 14/2020

**on the organization of teaching in the winter semester of the academic year 2020/2021
due to the preventive measures in relation to current health risks**

Following the unfavourable development of the crisis situation in the spread of Covid-19 disease caused by the new coronavirus SARS-CoV-2 and due to the measures taken by the state administration bodies, the FME Dean issues this decision on special rules for the organization of teaching in bachelor's and master's degree programmes:

First week of the winter semester, i.e. 21. 9. 2020 – 25. 9. 2020:

- All lectures are organized online only.
- Exercises, seminars, laboratory exercises, and studio works – cancelled.

From the second week of the winter semester onwards, which starts on 28. 9. 2020, the teaching will be carried out online. Laboratory exercises, studio works and a limited number of selected exercises will be kept in a daytime form of teaching (i.e. contact teaching with personal attendance).

doc. Ing. Jaroslav Katolický, Ph.D.

FME Dean
