

How to connect an Android device to the EDUROAM VUT WI-FI network

1. Select Eduroam in the list of available networks

2. In the next step, if necessary, in the EAP Method field, we select the PEAP value

Connect	
III O	<

In the Identity field, enter the BUT personal number in the form 123456@vutbr.cz

Enter the BUTpin in the Password field, which we will find out after logging in to the BUT Intraportal: <u>https://www.vut.cz/en/intra/but-pin</u>

Select the Don't validate option for the CA certificate

3. The last step is to select a value MSCHAPV2 in the Phase 2 Verification field
