

# GREEN SUMMER SCHOOL

"ECOINNOVATION - GRASPING THE FUTURE"

## 25.09.-28.09.2018, VIENNA

Going „eco“ pays off in any respect, not only for environmental and human health, but -financially - also for innovative enterprises. Four exciting days of interactive program are awaiting you! Creative minds give insight into their start-up experience and professional trainers shape your persuasive power. You will also visit hot-spots of innovative spirit.

The event takes place in the framework of the transnational EU-project **Ecolnn** – Ecoinnovatively connected Danube Region.

## APPLY NOW!

You have a sincere interest in EcoInnovation?! No matter if your ecoinnovative idea still has to be found or if it is in the developing phase already, or if your start-up seeks to gain momentum – the event provides the necessary energy for individual ambitions. Even better: **it is for free!**

## WHAT AWAITS YOU

- Excursion to an eco-startup
- Visit to UNIDO
- Shaping your own ideas
- Tools & business workshop
- Rhetorics training and Pitching Session
- More info at: [www.boku.ac.at/fos](http://www.boku.ac.at/fos)
